EIGHT - HOUR DAY.

United States Supreme Court Declared Valid the Kansas Act Regarding Public Works.

THE LAW WAS ENACTED IN 1901.

It Prescribes Penalties For Contractors Who Permit or Require Their Workmen to Work Longer.

Both Fine and Imprisonment Are Provided For Violation of the Law—Justice Harlan Delivered the Opinion.

Washington, Dec. 1.—The supreme court of the United States Monday sustained the validity of the Kansas act prescribing eight hours as a lawful day's work on all public works, and prescribing penalties for contractors who permit or require their workmen to work longer.

The Kansas law, whose validity was called into question in the suit, was enacted in 1901 and provided that eight hours should constitute a day's work for workmen employed by or on behalf of the state, or by any county or city or other municipality in the state. It also prohibits contractors from requiring laborers engaged on work for the state to perform more than eight hours' labor in a day. Both fine and imprisonment are provided for violation of the law. The case decided Tuesday was that of W. W. Atkins, vs. The State of Kansas. Atkins had had a contract with the corporation of Kansas City, Kan., for paving and he was charged with requiring a workman named Reese to labor ten hours a day. He was prosecuted in the state courts, where the decisions were uniformly against him. Atkins appealed from the decision of the state supreme court to the federal supreme court, alleging that the statute is in violation of the first section of the 14th amendment to the constitution; that it denies him due protection of the law and deprived him of his property without due process.

The opinion was based on the theory that all the municipalities of a state are the creations of the state; that work for them is of a public character and does not infringe on the personal liberty of any one. He then added:

"Whatever may have been the motives that controlled the enactment of the statute in question, we can imagine no possible ground to dispute the power of the state to declare that no one undertaking work for it or for one of its municipal agencies shall permit or require an employee on such work to labor in excess of eight hours each in the day and to inflict punishment upon contractors who disregard such a regulation. It can not be deemed a part of the liberty of any contractor that he be allowed to do public work in any mode he may choose to adopt without regard to the wish of the state. On the contrary, it belongs to the state, as the guardian and trustee for its people, to prescribe the conditions upon which it will permit public work to be done. No court has authority to review its action in that respect. Regulations on this subject suggest only considerations of public policy. And with such considerations that courts have no concern."

Taking up the question of public policy, Justice Harlan said:

"If it be contended to be the right of every one to dispose of his labor upon such terms as he deems best—as undoubtedly it is—and that to make a criminal offense for a contractor for public work to permit or require his employees to perform labor upon that work in excess of eight hours each day is in derogation of the liberty of employes and employer, it is sufficient answer that no one is entitled, of absolute right and as a part of his liberty, to perform labor for the state; and no contractor for public work can excuse a violation of his lawful agreement with the state by doing that which the statute under which he proceeds distinctly forbids him to do."

FATAL FIGHT NEAR PIKE VIEW.

Two Men Killed, One Mortally and Another Seriously Wounded.

Hodgenville, Ky., Dec. 1.—Two men were killed, one mortally wounded and another seriously hurt in the Pike View neighborhood of Hart county Sunday night. The dead are: Squire Osborne, Dave Osborne, his son. Wounded: Will Gardner, mortally; John Bennett. The alleged murderer, Custer Gardner, a young farmer, was caught at Elizabethtown Monday after a desperate struggle and was taken to Muncordville and lodged in jail.

Under cover of darkness, while the intended victims were sitting around the fireside, the assassin crept to the window of the room and, placing his Winchester near the glass, fired several times. Squire Osborne fell to the floor dead, his head torn almost off. His son, Dave Osborne, was shot through the heart and Will Gardner was wounded in the abdomen. John Bennett's left arm was shattered by a ball.

Squire Osborne is a district magistrate. The trouble had its inception in a family quarrel, which developed into a factional fight. Gardner has heretofore borne a good reputation.

The tragedy has caused the greatest excitement in years in Larue, Hart and Hardin counties, where the principals are well known and have many relatives.

THE ELEVENTH DISTRICT.

Certificate of Election to Congress issued to Dr. W. Godfrey Hunter.

Frankfort, Ky., Dec. 1.—The Kentucky election commission Monday issued a certificate of election to congress from the Eleventh district to Dr. W. Godfrey Hunter, of Cumberland county, late minister to Guatemala. He was elected at the special election held on November 10 last, to succeed the late Vincent Boreling and to fill out an unexpired term of one year. The official vote stood: Dr. Hunter, 6,227; D. C. Edwards, 6,112, and John D. White, 4,457. All are republicans. There was no democratic candidate for the office. Edwards and White objected to the giving of a certificate to Dr. Hunter, and threatened a contest in Washington before congress.

Dr. Hunter left here Monday night for Washington to file his certificate and take his seat. He notified Speaker Joseph C. Cannon, of the house of representatives, by wire of his having received a certificate of election, also that the speaker will not overlook him in committee assignments. Dr. Hunter is the only republican congressman from Kentucky.

THE DEGENERATES

The Young Self-Confessed Murderers and Train Robbers Arraigned in Court.

GUSTAV MARX PLEADED GUILTY.

Peter Neidermeir, Harvey Van Dine and Emil Roeski Entered a Plea of Not Guilty.

The Latter Say They Are Willing to Hang Without a Wink if They See Marx, the Squealer, Hanged First.

Chicago, Dec. 1.—The youthful self-confessed murderers and train robbers, Peter Neidermeir, Harvey Van Dine, Gustav Marx and Emil Roeski, were arraigned in court Monday night. Marx pleaded guilty to all the charges against him, but his three accomplices pleaded not guilty.

During the afternoon the prisoners were removed from the Harrison police station to the county jail, where they will remain until brought to trial.

No excitement marked the trip to the jail. Each prisoner was placed in a separate patrol wagon and was guarded by seven policemen and two deputy sheriffs. During the journey Roeski joked with one of the policemen and sarcastically said: "I would like to have you alone for just one minute."

Shortly before the prisoners were removed to the county jail Marx was confronted with his three accomplices. Marx's confession implicating Van Dine, Neidermeir and Roeski, was read to the prisoners. The bandits arrested in Indiana refused to confirm or deny the contents of the message. They were then asked to tell whatever more they had to say concerning their career.

"I am willing to hang without the wink of an eye if I see Marx, the squealer, hang first," Van Dine said.

"The same here," Neidermeir added.

"You fellows got no more than you deserved," Marx said. "Somo timo ago," Marx said to the inspector of police, "I met the bunch in Orleans street, where we intended to rob the American express wagon and I forgot my large gun. This angered the boys and they told me to leave them. I walked away and when 50 feet away a bullet passed through the brim of my hat. It was fired by one of these fellows. I got revenge."

Neidermeir admitted to the police that he and Van Dine had made an attempt to kill Marx. Roeski also said that he had narrowly escaped murder at the hands of his accomplices.

THE SALE OF FIREARMS.

Drastic Measures Submitted to the Council By Mayor Harrison.

Chicago, Dec. 1.—Drastic provisions for the protection of life from the pistol of the bandit and hold-up man were submitted by Mayor Carter Harrison to the city council Monday night. The sale of firearms is to be regulated, and the buyer must pay a license after giving satisfactory evidence that he ought to be allowed to possess any kind of firearm.

The fearful use made by the ear barn robbers of magazine guns and the many murders and attempts at murder through the possession of revolvers led the chief executive to suggest that measures should be provided which would largely aid in checking crime by removing weapons from the hands of old criminals and keeping them from the youths who desire to emulate bandits.

All Those Guilty of Acts of Violence Will Be Tried By the Courts.

Chicago, Dec. 1.—The question regarding the relation to work of employes of the Chicago City railway, who were guilty of acts of violence during the course of the recent strike, will be settled by the courts. Thirty-five of the men have not been reinstated. At the time the peace negotiations were in progress between Mayor Harrison, the aldermanic mediation committee and the officials of the company, the mayor promised the strikers that he would see to it that none of the deserving strikers should be refused reinstatement. The men who have been locked out by the company appealed to Mayor Harrison. At a conference between the mayor and E. R. Bliss, general counsel for the company, it was agreed to leave the matter to the decision of the courts.

Those who were arrested for committing acts of violence during the strike will be tried in the courts, and all who are acquitted will be reinstated.

Ex-Superintendent Division Post Office Supplies Makes a Statement.

Washington, Dec. 1.—Michael W. Louis, former superintendent of the division of post office supplies, Monday made the following statement concerning the references to himself in the Bristow report:

"Mr. Bristow has taken an unfair advantage, relying upon the immunity that his position affords him. I, however, challenge him to make the statement contained in the report over his own signature, and have the same published so that it will give me opportunity to enter suit against him for libel, so that the case can be properly heard and witnesses examined. I will in return for this guarantee not to accept any damages that a jury may award me, but will be satisfied to simply show the baselessness of his statements."

A TRIPLE LYNCHING

Three Negroes Hanged by a Mob Composed of Whites and Blacks in Louisiana.

THEY CONFESSED THEIR CRIME.

The Men Participated in the Fatal Shooting of Robert Adger, a Popular Business Man.

Negroes Joined in the Search For the Culprits and Were Apparently as Eager to Have Them Lynched as the Whites.

Shreveport, La., Dec. 1.—In the presence of a crowd of about 1,200 persons, composed of whites and Negroes, Phil Davis, Walter Carter and Clint Thomas, all Negroes, were lynched Monday afternoon about 1 o'clock within a short distance of Belcher, which is 20 miles from Shreveport. The men were executed for the participating in the fatal shooting of Robert Adger, one of the most popular business men in North Louisiana.

The Negroes confessed their crime. They stated that they were trying new guns and when Adger appeared on the street thought it quite natural to turn the guns on him. No shots were fired at the lynching, the Negroes all being hanged to a single limb of a tree. Two of the Negroes under arrest, Samuel Lee and Peter Thomas, were released. Lee proved that he had attempted to prevent the Negroes from shooting Adger and Thomas and beyond the fact that he was too frightened to shoot.

Phil Davis and Walter Carter were captured Sunday afternoon several miles from the scene of their crime. Clint Thomas was caught later about a mile and a half from Belcher.

The Negroes were taken before Adger and confessed their crime.

They were held in concealment until shortly before 1 o'clock Monday, when they were taken out and hanged. Davis is said to be an ex-convict and Walter Carter was forced to flee from Mansfield, La., about a year ago for insulting a white woman.

The Negroes of Belcher joined in the search for the men and were apparently as eager to have them lynched as the whites. One Negro was presented by the whites with a purse of nearly \$100 for the part he took in the pursuit. The Negroes were given an opportunity to pray before hanged.

Carthage, Mo., Dec. 1.—The mix house of the Independent Powder Co.'s plant, five miles southwest of Carthage, blew up Monday afternoon, instantly killing the two mixers, Lester Ridge and Bert Cobb, and seriously, if not fatally, injuring four more employees. Ridge and Cobb were employed in the mix house, compounding by hand the nitro-glycerine with the other ingredients of dynamite. Five hundred pounds of material was in a wooden trough and without warning it exploded. They were the only two men in the building and no one knows what caused the material to combust. The two men were blown to bits and only a few pieces were left.

COL. BELKNAP can go to the Frankfort inaugural Dec. 8th and see how the thing is done.

"GUM SHOES" HUNTER has been given the certificate of election in the Eleventh Congressional district. It takes a smooth individual to down the doctor.

SOME people seem to overlook the fact that the appointment of rural free delivery carriers comes under the civil service provisions. If Democrats got the places it only shows they passed the best examination.

THE Bristow report on the postal scandals lays bare the rottenness in that department, and shows the need of a thorough cleaning out. The total amount that the perpetrators of the frauds themselves received will aggregate between \$300,000 and \$400,000, while the loss to the Government, considering the unnecessary supplies that have been purchased and the inferior quality of those furnished by fraudulent contractors, can not be estimated with any degree of accuracy, says Mr. Bristow. As a result of the investigation four officers and employees of the department have resigned and thirteen have been removed. Forty-four indictments have been found, involving thirty-one persons, ten of whom have been connected with the postal service.

Rev. Mr. Thompson, of Newport, has been assisting Rev. W. W. Horner in a protracted meeting at Mayslick Baptist Church.

—The postmaster at Woodville, in McCracken county, Mr. Wade Brown, is very enthusiastic over Kentucky's display at St. Louis next year and has collected some very fine grapes and other agricultural products. He is also gathering specimens for the Kentucky forestry exhibit at St. Louis.

POYNTEZ Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whiskey \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

One of the interesting exhibits to be made in Kentucky's mineral space at the St. Louis Exposition next year will be from the Owensboro Sewer Pipe Company. Secretary J. D. Reeves having agreed to furnish a sample of each clay used at the work and a selection of the various patterns of pipe and coping made at this plant.

A carefully selected piece of lithograph stone from the famous Meade county quarry has been promised the Exhibit Association for its Mineral Exhibit at the World's Fair by J. M. Richardson, of Brandenburg. Mr. Richardson has also kindly consented to furnish samples of the brine and salt from the Murray Salt Works, near Brandenburg.

Mr. Frank Cady, the C. and O.'s night operator at Breshears Station, probably saved a tramp from a terrible death one night last week. A westbound freight took the siding there to allow another train to pass. As the freight was slowly pulling out again on the main track, Mr. Cady saw a tramp seated on the bumpers between two cars, and the fellow looked like he was asleep. Frank signaled the train to stop, and when he and some of the crew hunted up the tramp there he was "snoozing" away, sure enough. It would probably have been the fellow's last "snooze" if Frank hadn't noticed him.

THE NEW RAILROAD.

It Means Cheaper Rates For
Maysville When Completed.

Official of New Road Says the L. and N. Will
Bridge the Ohio—Shortest Route
North and South.

[Enquirer, Nov. 28, h.]

W. T. Wagenhals, formerly General Manager of the Millcreek Valley Street Railway Company, is at the Hotel Honing.

"We had to work all Wednesday night and pitch an iron bridge 65 feet long among other things," said Mr. Wagenhals, "to start out on schedule time on the initial run of our coaches from Ripley to Georgetown, a distance of 13 miles. The run was a success from start to finish. The line will be completed to Sardinia not later than December 20, where we have made arrangements to connect with the Norfolk and Western and run over their line to Hillsboro, whence we will build to Washington C. H., and there connect with the Baltimore and Ohio and operate over their line in to Columbus, which we expect to do about the middle of next August. Our survey has been made from Ripley to Aberdeen, opposite Maysville, where the L. and N. will bridge the Ohio River. When we connect up with Columbus our line will save 60 miles over any route to Nashville, Tenn., an hour and a half in time anyway, a feature in fast freight and express as well as in passenger service. Altogether, our line will be 95 miles in length." Mr. Wagenhals is one of the youngest men in the Ohio electric railway development. He is an old Lancaster (Ohio) boy.

The fare between Ripley and Cincinnati by way of the new road and the Georgetown electric line is \$1.80 for the round trip. To meet this new competition it is said the C. and O. has reduced its rate from South Ripley to \$2 for the round trip to Cincinnati. It will be seen that the completion of the new road to Aberdeen means lower freight and passenger rates for our city, even if the river should not be bridged. As soon as the new road is in good running condition, a small steamer may be put in between Maysville and Ripley to connect with the trains until the line is extended to Aberdeen. Few people seem to realize the importance of this road to Maysville.

In this connection it is now reported that the C., G. and P. railroad, now extending its line from Georgetown to Russellville, will be built from Russellville to Aberdeen, and then on to Portsmouth, instead of to Portsmouth by the way of West Union. President Comstock, of the C., G. and P., has been in Aberdeen, in company with Surveyor Charles Gordon of the railroad. It is claimed by some that President Comstock wants to get his railroad into Aberdeen before the Ohio River and Columbus railroad reaches here.

The weather this fall has been very unfavorable for tobacco stripping, and as a result it now seems probable that the crop will be late in being put on the market. Up to Dec. 15, 1902, Mr. Wm. Stiles, the Continental's Maysville agent, had received about 350,000 pounds. So far this season he has not taken in any at all.

Mr. Herman Pickrell, one of the clerks at the Adams Express office, met with a painful accident Saturday. While assisting to remove some packages from a car at the C. and O. depot a box weighing 170 pounds fell on one of his feet, bruising it badly. He is able to be on duty at the office, but will be some time recovering.

Is anything more wonderful than to look at thrilling animated scenes of actual occurrences in different parts of distant lands? A visit to Lyman H. Howe's Moving Picture Exhibition at the opera house matinee and night Friday, December 4th, will enable anyone to answer this. His views are so faithfully reproduced that one seems to feel the very atmosphere of the real scene. Seats on sale at Ray's, Wednesday.

WALTON-RENAKER NUPTIALS.

Popular Young Couple of Germantown the Principals in a Thanksgiving Week Wedding.

The wedding of Miss Dora Renaker and Mr. H. Burdette Walton, both of Germantown, was solemnized on Wednesday last at high noon at the home of the bride's mother, Mrs. Neppie Rigdon, in Germantown. It was a very quiet wedding, only a few of the immediate relatives and friends being present.

The house was decorated with flowers, foliage, plants and evergreens and behind the bride and groom as they stood for the ceremony in the parlor was a corner banked with ferns and rubber plants, gracefully pointed with red candles. Chrysanthemums, the wedding flower, were in profusion among the decorations.

Miss Gertrude Pollock sang "Call Me Thine Own" most beautifully, accompanied by Miss Jennie Tucker, and immediately afterwards the bride and groom advanced, the wedding march also being played by Miss Tucker.

The bride was attired in a brown traveling suit with hat to match. The Rev. Chatham, of Brooksville, solemnized the union with a beautiful and simple ceremony. After showers of congratulations and well wishing for the happy pair all were invited into the dining room to the wedding dinner.

The wedding colors were displayed in the dining room by long streamers of crimson and white ribbons from the ceiling to the four corners of the table, the table laden with handsome cut-glass and hand painted china, entwined with smilax and mistletoe here and there. After an elegant course dinner the couple departed in the customary shower of rice etc., and drove to Maysville to catch the afternoon train to Cincinnati.

The bride is a sweet, attractive and talented young lady of Germantown, and the groom a handsome and well known young farmer of the neighborhood. They have the best wishes in their union of the whole community. They were beautifully remembered by their many friends and relatives with handsome silverware, cut-glass, china and other presents.
